

Astronomical Institute, Slovak Academy of Sciences
059 60 Tatranska Lomnica, Slovakia

Certificate

hereby I declare that Mr George Tsitsishvili, a student of the Tbilisi State University (Tbilisi, Georgia), has attended the "LSO Summer Internship Program 2026" - term 2 at the Lomnický štít Observatory (Astronomical Institute, Slovak Academy of Sciences, Tatranska Lomnica, Slovakia) in the period July 08-12, 2026.

The internship consisted of lectures on Lomnický štít Observatory itself, on the LSO observing instruments and their principles (coronagraph, Lyot filter, CoMP-S instrument), on coronagraphic observations of the Sun (pointing system), on the LSO data reduction, and lectures on research of solar activity performed at the Astronomical Institute of Slovak Academy of Sciences in Tatranska Lomnica. Moreover,, the students joined the solar coronagraphic observations of solar prominences and the corona performed at the observatory.

More details can be found at the dedicated "LSO Summer Internship Program 2026" web page: https://www.astro.sk/lso_sip_2026

Sincerely

Jan Rybak
